TO WHOM IT MAY CONCERN:

Re: Angel's Catering

My wife Vickie and I have contracted with Angel and Amanda for the last four years and would strongly recommend their services. They have served and catered both our company events as well as our private gatherings. Their professionalism and courtesy clearly stands out with every presentation, but yet they are not intrusive with their presence.

They offer a wide variety of courses to suit every occasion and the quality of the food is excellent. In a nut shell they bring the quality and service of a five star restaurant into your home or place of event.

Respectfully,
Berendse and Sons Painting
